About SS PRECISION

A leading manufacturer of CNC-based high-precision machined products such as sub-assemblies, components, and specialty fasteners catering to Automotive and Non-Automotive applications since 2015.

Certification

ISO 9001:2015 MSME Registered ZED Certification UDYAM Certification

Expertise

SS PRECISION is supplying the parts to all major OEM's applications such as Flywheel Assembly, Crank & Alternator pulley Assembly, Housing & Hub Adapters, Flange Output Shaft, Brake Pistons, Torque Pins, Grooved Pulleys, Specialty Fasteners etc. We have installed highly sophisticated Measurement Systems like CMM, Contour Measurement system, Profile Projector, surface finish tester, etc., and Manufacturing facilities like CNC - Turning, Machining, Broaching, Grinding and supporting activities such as Heat treatment and Plating.

Padmini – CEO & Founder, a self-made professional with a strong desire to excel in his career. A visionary with a strong desire to excel started SS with complete passion and engineering company. In a short period earned the reputation of big giants like HMIL TIER I, Allison Transmission India, Gates Unitta India Corporation, Carlisle, Centromotion, and SFL group.

Automotive

- ✓ Heavy vehicle products
- ✓ Commercial vehicle products
- ✓ Passenger vehicle products

Non-Automotive

- ✓ Medical equipment parts
- ✓ Railway products
- ✓ Mining vehicle products
- ✓ Earth-moving vehicle products
- ✓ Textile industry products
- ✓ Food industry products
- ✓ Power industry products
- ✓ Valve industry products

Why Choose SS PRECISION

Better Price-Match

Skilled Team

Zero Defect Products

Customer Delight
Above & Beyond

Quick Turnaround
Time

Our Technical Expertise

Forging (Hot & Cold) | Machining (CNC Turning & Milling) | Turnmill |
Broaching Plating (Approved outsource) | Heat Treatment (Approved outsource) | CNC Grinding
